

HOW TO DRAW A GOOSE !

Step 4

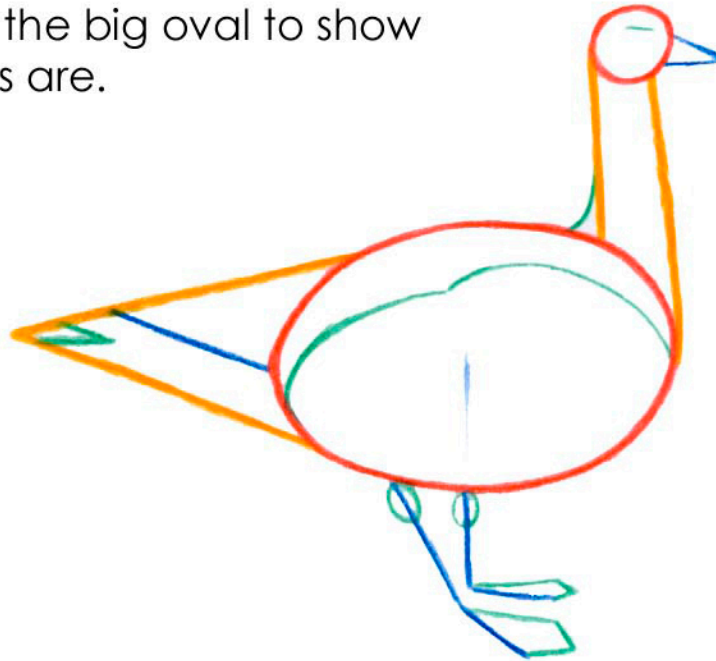

Draw a small line near the beak to show where the eye will be.

Draw a curved line to join the neck with the body.

Draw two lines at the end of the triangle to show the tail feathers.

Draw two small circles at the top of the leg, and lines to show the feet.

Last a curved line inside the big oval to show where the chest feathers are.

Step 5

Draw round the shapes you have done like this, using a darker line.
